THE FINANCIAL QUESTION

In a Nutshell. It is a Struggle Between Those Who Deal in Money

And Those Who Produce and Deal in Commodities.

The Whole Question is One of Prices.

AN IMPROVED ADMISSION.

[From The Atlanta Constitution.]

We have shown recently in the most unmistakable way that the whole effort of the so-called "sound" money men is to depreciate the price of commodities and to sustain, uphold and increase, if they can, the present purchasing power of gold. The whole contention is between those who deal in money and those who produce and deal in commodities. The producer and dealer in commodities is interested in obtaining reasonable prices. The dealer in money is interested in commanding the largest possible quantity of property and commodities for each unit of dollar of his money. This is the question at issue in a nutshell. The whole question at bottom is one of prices. This is made perfectly clear by some editorial remarks in The New York Sun. The Sun says: Representative James K. Cobb of Alabama, is reported by a Washington newspaper as making the following declaration:

"The one issue in Alabama politics at present is the silver question. I am in favor of the free coinage of silver and gold at a ratio of 16 to 1. It is not necessary for waiting for an international agreement. I believe that this is the sentiment of the Democratic party in Alabama, but this does not mean that the Democratic party of this State are firmly determined to have a sound currency as the so-called 'sound money' men. We believe that free coinage would actually make the commercial value of the two metals at the same ratio. We think that the devaluation of silver in 1873 caused the decline in the value of the whole metal, and we again making silver a primary money would restore its old value. I am sure that did the Democratic party of Alabama, for a moment think that free coinage would result in a depreciation of silver, they would not for a moment hesitate in condemning it. There are no flat money men in our party."

We should like to know how, if the free coinage of silver is not going to depreciate the currency, it will have the effect of counterbalancing the fall in prices which so many of the "sound money" men are so anxious to avoid. It is due to adherence to the gold standard. If silver, coined at the ratio of 16 to 1, is to be equal in value to gold coin, it will remain just where they are now. We say that Mr. Cobb either does not speak the truth, or that he is himself deceived. The great argument for free silver all along has been that it will cheapen the dollar and give the farmer a dollar a bushel for the wheat instead of half a dollar, and the cotton planter a cent a pound for his cotton instead of half a cent. Neither of these things will happen if what Mr. Cobb says is true.

The Sun heads these remarks "The Effect of Free Silver Coinage." It will be seen that the Sun does not make a distinction when it quotes to discuss the financial question. It maintains that it is in price means unsound, or depreciated money, forgetting that, if this theory be correct, all our money and all the world's money—gold, silver and paper—was depreciated up to a few years ago.

The Sun is right about "the great argument" in favor of the free coinage of silver. "Gold has more than doubled in value as the result of taking the place of silver as the money of final payment. The free coinage would restore to silver a part of that unsound and artificial value and restore it to silver and to the property and the products of the people. This is the whole policy of those who are in favor of restoring silver to its old place. If the stock of available gold could be doubled, supplemented by a steady supply, there would be no free coinage men in the country because the value would be restored to the property and commodities produced by the people."

We never have seen The Sun or any other golding organ claim that gold coin was restored money in 1873.

Mrs. Ella Owen is spending this week with her parents. What a recreation and pleasure for these young housekeepers to spend a few days at the "dear old home."

Our Sunday School is getting along nicely. Misses Edna Robertson and Carrie Owen have rendered valuable assistance.

Mrs. Bill Dean, Mrs. Jesse Moorman and Mrs. Clara Fisher are with their father, Mr. J. M. Fisher, of Irvington, who is dangerously ill.

Rev. Cox, of Owensboro, is here making aid for disabled and aged ministers of the Baptist church. Every Baptist should lend a helping hand.

Mr. Jeff Owen and bride, nee, Miss Carrie Moorman, have gone to house-keeping at Glendene. Their host of friends wish for them a prosperous voyage on the sea of life.

A party of young people spent the day at the Sand Knobs Saturday. Among those present were Misses Mary and Jennie Moorman, Eva and Lela Miller, Carrie Owen, Lela Moorman, Edna and Ella Robertson, Nannie Owen and Messrs. Frank Dean, Vic and Ernest Robertson, Jim Dean, Charley Dean, Henry Moorman, Tom Owen, Edgar Lewis and Verna Moorman, and to them we will say

Enjoy the springtime of love and youth, To some good angel leave the rest, For time will teach you soon the truth; There are no birds in lady's nest.

Sabbath School lesson today was a review of three months past, and was very interesting. Going over the last week of our Savior's life. We had a small attendance, but a real good meeting. At the Sunday School exercises, the Epworth League held a devotional meeting.

NORTON'S VALLEY.

The wheat crop is pretty good in this vicinity.

Miss Emma Wheeler visited the Norton's Saturday and Sunday.

Mrs. Fannie Board and brother, John Morelock, were at the Valley Sunday.

John Yates has built a new house which improves the looks of the Valley.

The heavy rain kept some of the boys out Sunday night on account of high water.

Ed Hook, of Hardinsburg, is to teach our fall school. He is one of the Hardinsburg college graduates.

There was a heavy rainfall in this vicinity Sunday and Sunday night, which did some damage to crops, by washing them up.

Miss Edna and Lela Kinchloe, of Hardinsburg, were at church Sunday and attended the picnic there.

Madam Rummor reported another wedding soon in this vicinity. Wonder if Fred Triplett, of Bowling Green, knows anything about it?

Misses Ella and Carrie Norton are making preparation to visit the Misses Kinchloe, of Hardinsburg, on the 14th and attend the picnic there.

Rev. G. W. St. Clair gave two sermons on Sanctification, one the forenoon the other in the afternoon. There was a big crowd present, and those that were not present missed a treat.

The Valley was well represented Sunday with people from Bewleyville, Webster, Lodiham, Hardinsburg, Clinton and other places. The following are some people who think this little Valley is not much of a place, but just let them give out there is to be a "basket meeting" and there will be a big crowd every time.

Caroline Large on Her's Edge.

Mr. N. N. GILBERT, of Brandenburg, is visiting here.

POPULISTS.

Meet at Louisville and Nominate a Full State Ticket

And Declare for Free Silver and Most Everything Except Woman's Rights.

A HARMONIOUS MEETING.

The Populists held their state convention in Louisville last week, nominated a state ticket and adopted a platform covering most every question of interest to the American people except Woman's Rights. It is said of the 375 delegates present, that every one of them went to bed at 10 o'clock at night and were up by 6 o'clock in the morning. They were orderly and made the best appearance of any set of men ever assembled in Library Hall. "Whether they are right or wrong in their political views they acted like men and gentlemen and this is much to their credit."

The following is the ticket named: For Governor, THOMAS S. PETTIT, of Davies.

For Lieutenant Governor, JOHN J. BLAIR, of Nicholas.

For Treasurer, M. R. GARDNER, of Hardin.

For Auditor, C. H. DEAN, of Woodford.

For Register of Land Office, J. E. QUICK, of Taylor.

For Attorney General, S. M. PEYTON, of Hart.

For Secretary of State, DON SINGULARY, of Hickman.

For State Public Instruction, H. H. FAIRMAN, of Henderson.

For Commissioner of Agriculture, M. L. SCOTT, of Shelby.

For United States Senator, CLARENCE S. BATE, of Jefferson.

The initiative and referendum amendment was put through and then the resolutions were adopted as follows:

Preamble—The Omaha platform is a broad protest against the monopolies and their evils, which have sprung up and have fostered under the rule of the Democratic and Republican parties. They have destroyed the principles of Jefferson and Lincoln. The People's party stands for the principles of industrial progress and human liberty. None of their betrayals of trust has resulted in so much disaster to every branch of our varied industries and in so many wrongs and wrongs as the rule of the Democratic and Republican parties. They have destroyed the principles of Jefferson and Lincoln. The People's party stands for the principles of industrial progress and human liberty. None of their betrayals of trust has resulted in so much disaster to every branch of our varied industries and in so many wrongs and wrongs as the rule of the Democratic and Republican parties.

There is a right and a wrong principle under this great question—the two principles are as different as light and darkness. On one side of this question to the Democratic and Republican parties stand together, side by side, backed by the Rothschilds, the big bankers, the contractors and the gold trust; on the other side stands the People's party, single-handed, but backed by every patriot who has realized the real danger that endures us, and that is the parasite mount issue upon the correct solution of which depends, not only all other industrial reforms, but the civilization and Christ of our generation.

We fully realize that not all the social, political and industrial ills that afflict the people can be cured by a proper financial system, but the magnitude of the monster on this issue is so portentous and the enemy is so firmly entrenched behind the legislative, judicial and executive departments of our government that we invite the assistance of every patriotic citizen, and that is the party who favor "more money and less money," whether they fully agree with us on other issues or not.

Platform—Finance—Land and Legislation—The People's party of the State of Kentucky, in convention assembled, though we believe and reaffirm the Omaha platform, ask for the same and co-operation of every voter in the State and welcome to our ranks all who believe with us in the following demands:

First—We are unanimously opposed to increasing our already great burden of national debt by the unnecessary issue of interest-bearing bonds in times of peace, and we deplore and condemn the recent action of the Democratic Administration at Washington, not only selling our national credit at a price below its market value, but especially for surrendering to the Rothschilds and other bankers financial independence for six months by a secret contract, the infamy of which is without parallel in our history.

Second—In order to secure and maintain a safe, sound and flexible currency, we demand that the national banking system and all banks of issue be abolished, and in addition to the free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1, that the national government proceed to issue national Treasury notes, all of which shall be a full legal tender at all debts, both public and private, and in quantity sufficient to restore the gentle range of prices and prosperity that existed before the devaluation of silver in 1873, and to increase in quantity year after year with the increase in population and business so as to maintain equity between debtor and creditor to facilitate the development of our great national resources.

First—We demand the free and unlimited coinage of silver on equal terms with gold at the present legal ratio of 16 to 1, without asking the permission of Great Britain or any other foreign nation.

Second—The National Government has the right and should exercise it to use its option as to the kind of legal tender money which it will pay any debt or obligation, and that it should always give preference to the money that is better in order to appreciate it and maintain a parity among all of its legal tender money.

Third—We demand that Congress make it unlawful for any note, bond or mortgage or other obligation to stipulate for payment in gold only, or in any other particular kind of legal tender money of the United States.

Fourth—We are the only political party that has ever had the honesty and patriotism to demand in its national platform for a graduated income tax. The Supreme Court of the United States, in its recent decision, has declared that our Constitution does not allow this just and equitable tax. In the language of Justice Harlan: "The practical, if not the direct, effect of the decision today is to give to certain kinds of property a position of favoritism and advantage that is inconsistent with the fundamental principles of our social organization, and to leave them with power and influence that is perilous to that portion of the people upon whom rests the larger part of the burdens of the Government, and who ought not to be subjected to the domination of aggregated wealth any more than the property of the country should be at the mercy of the lawless."

Fifth—Therefore, we demand an amendment to the United States Constitution to provide for a graduated income tax.

STATE—First—We view with alarm the recent decision of the Court of Appeals of this State in the Bank Tax Case, and believe it to be subversive of the spirit and letter of the Constitution itself, which requires that all property shall be taxed alike—the property of a corporation just like an individual. The effect of this decision is to exempt property of the banks from all local taxation, and thereby throws the whole burden of municipal government upon the people in our cities and towns. We sincerely trust that the court will yet sustain the sovereign will of the people by reversal of their decision.

Second—We denounce the system that practically gives a monopoly to the American Book Trust of our common school books, and insist that the largest competition should be given to the purchase of all books for the benefit of the children of our State.

Third—We deplore the action of the Governor of Kentucky in increasing the salaries of Judges of the State at a time when all values are decreasing and distress is manifest in every household, and demand economy and retrenchment in every department of government, and promise our best endeavors to decrease the burden of taxation as far as may be consistent with good government.

It is said that Democratic speakers in large numbers are offering their services to the party to go into the campaign in this. If argument is to help as much as it is said to, it is a reasonable fact, in this country, that there are about two Republican public speakers to one Democrat. At every public gathering a Republican can easily be had by any number of Democrats while the Democrat stays back in the shade and says nothing. There is too much of this. Every time a Republican gets up to speak there should be a Democrat on hand to answer him. Whether he should accomplish much or not, it would show that we still have an organization.

BRANDENBURG.

Preston Grinnell is at home for a vacation of several weeks.

Miss Mary Pusey is expected home today from a visit to Louisville and New Albany.

Mr. Ewing, of Bath county, friend and schoolmate of Robt. Main, is with him for a visit.

We celebrate the Fourth here in our usual manner, and disappointed the town for some patriotic sports.

David Duncan spent the National holiday with his mother at Cloverport.

Miss Lena Drury and Blanche Jolly, of Bewleyville, have had a most enjoyable stay with Mrs. John Frakes and are off for home.

Miss Zelma Strother protracted her visit and returned with her brother, Dr. Will, Sunday. Zelma is a favorite here as she is elsewhere.

Dr. John Shacklett has a pleasant, cozy home of his own in Ekron which his excellent wife knows how to keep and dispense hospitality.

I was glad to have a "howd" from Mr. Ed Shiellman at the picnic. He and his nice wife were my next door neighbors once and they still hold a niche in my heart.

The mis interferred with the Sunday School Convention at Baptist church. Two sessions were held, however, but I've had no report and know nothing of the proceedings.

One Fontaine has been at home from school in Mississippi for a week or two, (I beg his pardon for late report) and looks truly extreme South and it sets gracefully and becomingly.

J. T. Ditto was at the picnic looking like you've seen him when he flees and sells an extra high top or low crown—declares both becoming. He was evidently at his best from some cause.

Will Hamilton has the district school of West Hill. Will stood the best examination at Lexington in mathematics, out of six hundred, and passed creditably in all branches. He is upright, moral and deserving.

I will have a large class this fall and will soon commence a summer class to give it special attention. No deduction for lost lessons, except in sickness, and when you attend the quarter it will be finished unless unavoidable circumstances arise. Please bear this in mind.

The Missionary Society met last Friday afternoon. Miss Allie Reid, corresponding Secretary, read an interesting letter from Miss Tula Daniel. It was decided to hold the meetings the first Friday in every month at three p. m. at the Methodist church.

Mr. E. Dowsy is very low. Her sister, Mrs. Glover, from Texas, has been with her for two weeks. Mrs. Glover had not been here for thirty-two years. Mrs. Jones, from Masonic Home, is also with her sister. Her recollections of the family have been faint.

Miss Lida Haynes entertained at her young friends. Beautiful flowers were at each corner. Her recollections of the family have been faint.

Mr. H. Richardson and wife, of Louisville, are visiting their parents this week. Mrs. Mattie Roberts and two children are guests of Mr. and Mrs. M. Wathen.

Prof. D. S. Roberts, Jr., and wife were employed Tuesday to teach the school at this place.

George Roberts, of Garrettsville, was visiting his parents, Mr. and Mrs. Tom Roberts, last week.

Miss Lizzie Miller, of Harlanburg, was here last Friday to visit Miss Rena Shacklett and other relatives for some time.

W. R. Howell went to Louisville Monday and purchased a new threshing machine. He will have it shipped to Ekron and begin threshing near town after the 4th.

George Roberts, who has been sick for several weeks, died June 29th at the residence of his son-in-law, R. A. Easor, and was buried at Garrettsville Monday. He leaves several children and many friends to mourn his loss.

Prof. D. S. Roberts will begin his school here the first Monday in August. Prof. Roberts is a thorough scholar and a competent teacher, and we feel sure will teach us very well.
